 THE NEWS THIS MORNING.

**Foreign.**—The Sultan is reported to have made a fresh and satisfactory reply to the Armenian proposals of the Powers. The Cuban insurgents in Aurias have captured a trainload of Spanish troops; Spain will send nineteen vessels to patrol Cuban waters. Newfoundland officials are resigning their offices, being unable to stand the retrenchment. Lady Somerset opened the World's Women's Christian Conference in London yesterday.  
**Domestic.**—Republicans are gratified at Warner Miller's timely plea that only the best men in the party be nominated this fall for State Senators. Failure of airbrakes to work caused the wreck of the newspaper train on the New-Haven road; two trainmen were seriously hurt. Baccalaureate sermons were delivered before the graduates at Cornell, Lehigh, Brown, Rutgers, Lafayette and other colleges. One worth millions of dollars has been stolen within the last ten years from mines in Colorado.  
**City and Suburban.**—Five attempts at suicide were made, three of them successfully. The Brooklyn police believe that the murderer of C. W. Henry destroyed a will left by the old man. Andrew D. White, in an interview, talked about bimetalism and other timely topics.  
**The Weather.**—Forecast for to-day: Fair; warmer. Temperature yesterday: Lowest, 64 degrees; highest, 78 degrees.

The murder of an old man of miserly habits in Brooklyn has brought to light an astonishing condition of domestic existence in a street filled to all appearances with happy homes, and caused a charge of paricide to be laid against a dissipated son who had been driven from his father's roof a few days before. It is a shocking and sickening revelation. The police seem confident that in the son they have the murderer, and some of the circumstances tend to confirm their theory. Robbery was certainly not the motive of the crime, since a large sum of money in the house was left undisturbed. It is believed that the suspected son had been disinherited and that in revenge he killed his father; but a most diligent search has failed to bring any will to light. The case possesses many remarkable features, and further strange disclosures may be in store.

Cleveland, Ohio, will be a Republican Mecca this week, for the National convention of the League of Republican Clubs is to be held there. There will be an army of delegates and alternates—1,800 of the former and 1,500 of the latter—and it is expected that there will be thousands of visitors also. Several women will be among the delegates, including one from our own State. The convention will extend over three days, Wednesday, Thursday and Friday, and the business will be diversified and supplemented with pleasure in such a way that all who attend will be sure of having a good time. Some of the big Republican guns will be on hand to stir up enthusiasm, but will, presumably, reach its climax in the great banquet to be held in the Arcade Building.

Ex-Senator Warner Miller's letter to Republican voters was seasonable, not only in its application to the Oneida District, but to several other districts which, to use Mr. Miller's pungent phrase, have been "unworthily represented" in the Legislature. Some of the unworthy representatives are already in the field, and endeavoring to make combinations which will insure their nomination. We trust the honest and independent Republicans will likewise begin to combine to make combinations that will insure the nomination of clean and worthy candidates both for Senate and Assembly. The situation in a number of the districts is touched on by our Albany correspondent in a letter printed today. There is special need of vigilance and caution in the Senate contests, owing to Senator Hill's desperate effort to secure a majority in that body in his own interest.

It is a satisfaction to note that in one of the oldest sections of the city a schoolhouse of the most approved type is about to be erected. It will stand on the south side of Henry-st., between Catharine and Oliver sts., covering the full school, and will accommodate Grammar School No. 1 and three primary schools in the Fourth Ward. The new school building will be

provided with a playground on the roof—if playground be the proper word to apply to a place of recreation so situated—and shower baths for the children. These features would not, perhaps, meet the requirements of the new law originating with the Tenement House Committee, but they constitute an improvement which will be appreciated by those fortunate enough to enjoy them.

June of 1895 has been thus far, on the whole, a month with which even a capricious critic could not easily find fault, at least after the first day or two. It started in hot, but the hot spell which ended two weeks ago was an inheritance from the closing days of May, and so June cannot strictly be held responsible for it. At all events, June put an end to the heated
